MUSE Vol.8

At last, our new **MUSE** is out! This edition compiles a selection of outstanding school work produced by Platt College San Diego students in 2016 & 2017.

These are school projects developed throughout the Graphic Design, Web, Video and 3D Modeling programs. Take a look, get inspired!

MUSE Vol.8

WORDS FROM OUR ALUMNI…

"My experience at Platt was awesome. I learned a ton and got the tools to really dig into the parts that interested me the most. I also made some really solid connections with both students and teachers that have served me very well in my career."

■ **Ryan Pearson (2015) – Senior Front End Developer, The DZAP Group | LeaseLabs.com**

"Going to Platt was an enlightening experience. I would not be where I am, or who I am today without the help and guidance of my teachers and peers."

■ **Kyrsa Dunnihoo (2016) – Full Stack Developer, Jordan Crown | JordanCrown.com**

"The web program prepared me to hit the ground running in this industry: Knowing the user and how the web works has allowed me to shine amongst my peers."

■ **Clifford Nelson (2014) – Experience Design (XD) Prototyper & Front-End Developer, Intuit Turbo Tax | Intuit.com**

"I really enjoyed my Platt experience. The pace was quick and competitive. The best things were building friendships and learning to find answers. Those things I use to help me develop ways to bring new and innovative ideas to life."

■ **Melissa Conrad (2014) – Front End Developer, Mor Furniture for Less | MorFurniture.com**

"Deciding to go to Platt was the best decision I have ever made. The design and web program forever changed my life for the better."

■ **Gabe Leahy (2015) – Lead UX/UI Designer**
